PROFILE

Tianna is a certified Data Protection Officer with extensive experience in providing in-house legal and compliance counsel across a number of sectors. As a group data protection lead, she has supported organisations through the transition from the Data Protection Act 1998 to the GDPR.

Tianna has gained widespread knowledge from supporting different organisations in the creation and implementation of their data protection compliance programmes. This has involved her conducting comprehensive audits, creating and delivering training programmes, and producing model 'best practice' documentation as well as monitoring data protection compliance across organisations. Her expertise and broad experience are a great addition to our versatile and highly valued team of DPOs.

QUALIFICATIONS

- ✓ GDPR Practitioner Training
- ✓ Certified Data Protection Practitioner (PC.dp), PDP
- ✓ Certificate in Information Security Management Principles (CISMP)

SAMPLE EXPERIENCE

Group DPO for the UK's leading port operator, with 21 ports across Britain. Tianna created and implemented their GDPR compliance framework, and supported the business in all aspects of data protection and privacy through an organisation-wide transformation programme.

Primary DPO and Information Governance Manager for a government agency leading in UK Sports. Playing a crucial role as the only data protection representative, Tianna was heavily involved in conducting DPIAs, developing appropriate data sharing agreements, and leading external audits.

Primary Data Protection lead for a utilities company, Tianna helped the organisation to strengthen their existing compliance, develop their internal policies, embed a culture of data protection by design into new and existing processes, and delivered GDPR training for all staff.
