- ✓ Brussels Privacy Hub
- ✓ MSc Banking & Finance
- ✓ CIPP/E

SAMPLE EXPERIENCE

Information Governance Manager and Designated Data Protection Officer for a healthcare education institution. Kat was responsible for ensuring the organisation remained compliant with UK GDPR, the management of records and data breach investigations. Her day-to-day role involved conducting DPIAs and ROPA as well as preparing for and submitting the DSPT toolkit and undertaking physical data audits.

Information Governance Officer for a council. Kat investigated data breaches and assisted procurement analysis of GDPR compliance for tendering firms. Kat's extensive knowledge enabled her to train staff with the understanding of GDPR compliance and support with Data Subject Access and Freedom of Information requests.
