## CANDIDATE PROFILE

First and foremost, The DPO Centre is a service business. We look only to recruit proactive, motivated, enthusiastic, customer driven, commercially aware team players, who can clearly demonstrate a passion for what they do and therefore offer an ideal fit with our core values and culture.

Due to our continued growth, we require further experienced Data Protection Officers throughout the UK with a track record in the role, who are compliance driven, can demonstrate excellent communication and presentation skills and have an ability to influence, encourage and support positive change within an organisation.

Successful candidates will possess the ability to manage the demands of a portfolio of clients and are therefore able to prioritise effectively, navigate conflicting client demands diplomatically and maintain the highest degree of confidentiality and professionalism.

We are looking for candidates that value attention to detail and who deliver high quality work within agreed timescales. They must be well presented, with the capacity to work on their own initiative, but also to actively contribute to the constant development of our wider team.

Our services are delivered based on a balance of working remotely from home (more so of course currently) and occasional visits to clients at their offices. Our aim is that the client portfolio be local to each successful candidate's home location, however the need for sufficient flexibility to accommodate travel and occasional overnight stays that enable full working days to be delivered to the client is a fundamental requirement of the role, therefore only candidates with the ability to accommodate this requirement should apply. All travel expenses will be covered or reimbursed. You are required to have a full driving license and use of a car, unless you live within central London.
