SAMPLE EXPERIENCE

Data Protection Officer for 120 schools across Suffolk. Responsible for conducting regular compliance audits and issuing recommendations on how to improve data processing practices, policies and other documentation. Katie also delivered training sessions to a range of stakeholders to ensure that all staff members were aware of their obligations and responsibilities under data protection law.

Katie subsequently became Data Protection Service Lead for the same group of schools which involved overseeing the smooth onboarding of new clients; managing budgets and invoicing; and ensuring the highest possible standard of service delivery.
