PROFILE

Peter is an experienced data protection specialist with a background in the financial services and manufacturing sectors. With a highly organised approach, Peter has previously been the lead point of contact and decision maker for all data protection and GDPR related queries for his organisation. A professional with excellent communication skills and accomplished in holding contact centre and data protection training for both small and large groups. Using his knowledge and experience, Peter is committed to providing clients with the highest levels of data protection and privacy guidance.

QUALIFICATIONS

- ✓ Mercedes Benz Accredited Trainer (12-month course)
- ✓ Data protection certificate, anti-money laundering and financial crime
- ✓ GNVQ customer service and team leadership courses

SAMPLE EXPERIENCE

Data Protection Professional for a large automobile manufacturing organisation. Peter was responsible for identifying and reporting all compliance risk areas, creating and recording RoPAs, LIAs and DPIAs, in addition to providing data protection training across the group. He also has experience evaluating and implementing the required changes to align with updated privacy legislation. Previously, as a Quality Manager, Peter gained extensive knowledge of dealing with DSARs and 'right to be forgotten' requests and managed an entire customer resolution team.
