

DAVE

DATA PROTECTION OFFICER

SPECIALISMS

- ✓ Data Privacy Impact Assessments (DPIAs)
- ✓ Record of Processing Activity (RoPA)
- ✓ International Data Transfers
- ✓ Data Retention
- ✓ Staff Training

PROFILE

Dave is a professional data privacy expert with extensive experience supporting international corporations with their data privacy compliance, most recently in the EMEA region. He is expert in communicating the specific data privacy processes and procedures required across decentralised and individualised global businesses, ensuring his advice remains practical and solution driven. Dave has broad experience conducting desk audits, producing gap analyses, and then working to implement improvement alongside the various stakeholders and across entities.

QUALIFICATIONS

- ✓ LLB 2.1 in Law & Business Legal Practice Course
- ✓ Certified Information Privacy Professional/Europe (IAPP)
- ✓ ISEB Certificate in Data Protection Brussels Privacy Hub

SAMPLE EXPERIENCE

As a Data Protection Manager, Dave had overall responsibility for implementing the General Data Protection Regulation (GDPR) throughout the EMEA regions. He co-ordinated at divisional and regional level to determine the requirements for compliance. He led the initiative to form a steering committee to facilitate the implementation process, co-ordinating activities and directing GDPR project implementation within EMEA and across the various business units. He was responsible for ensuring each regional team successfully implemented a local Record of Processing Activity (RoPA) and conducted appropriate Data Privacy Impact Assessments (DPIAs).
