

# KATE

## DATA PROTECTION OFFICER

### SPECIALISMS

- ✓ Data subject rights
- ✓ Data Protection Impact Assessments
- ✓ Data retention
- ✓ RoPA

### PROFILE

Kate is a certified Data Protection Officer and qualified Chartered Governance professional. She has years of experience within the compliance arena, demonstrating extensive knowledge of UK Data Protection and associated legislation. Kate is personable, energetic and self-motivated, enabling her to communicate with clients openly and successfully.

Her previous work experience saw her in both managerial and leadership roles across both large multi-national organisations and smaller, more independent enterprises. Kate's wealth of experience makes her exceptional at providing guidance and feedback on a variety of privacy matters.

### QUALIFICATIONS

- ✓ ISEB Certificate in Data Protection – British Computer Society
- ✓ Fellow of The Chartered Governance Institute
- ✓ BA (Hons) Sociology and History – University of Lancaster

### SAMPLE EXPERIENCE

Data Protection Officer for a billing software provider. Kate was solely responsible for overseeing the organisation's data protection strategy and GDPR compliance. Kate ensured that Information Governance principles, including classification, retention and security measures were in place. During her career, Kate successfully implemented GDPR programmes and acted as a point of contact for both customers and the regulator.
