

PASCAL

DATA PROTECTION OFFICER

SPECIALISMS

- ✓ Financial sector
- ✓ Due diligence
- ✓ Breaches/Risk Assessments
- ✓ Data Subject Rights

PROFILE

Pascal is an experienced data protection officer with extensive knowledge of GDPR compliance, especially within the financial sector. He has worked as a Data Protection Officer, corporate lawyer and privacy team leader for financial services organisations across the Netherlands, with expertise in risk assessment, security and fraud prevention.

He has an academic background in law and professional privacy qualifications CIPP/E and CIPM. His knowledge and experience enable him to navigate complex data protection challenges and he is adept at delivering and implementing practical solutions for organisations. He has excellent analytical skills and is committed to continuous learning and being at the forefront of evolving regulations.

QUALIFICATIONS

- ✓ CIPP/E
- ✓ CIPM
- ✓ Bachelor Dutch Law, Maastricht University
- ✓ Master Forensics, Criminology and Law, Maastricht University

SAMPLE EXPERIENCE

Corporate lawyer providing legal advice and due diligence on various privacy issues, including the responsibility of speaking on behalf of the legal department at the Privacy Committee of a financial organisation.

Data Protection Officer for a financial institution, fulfilling the role as defined by Article 39 of the GDPR. As team leader, the responsibilities included coaching other privacy officers and advising on any evolving privacy laws and regulations.
