

# ANNE

## DATA PROTECTION OFFICER

### SPECIALISMS

- ✓ Online gaming & mobile apps
- ✓ Schools & higher educations
- ✓ DSARs
- ✓ EU Representation

### PROFILE

Anne is an experienced Data Protection Officer, specialising in European law. As an outsourced DPO, she has collaborated with organisations on a wide range of privacy projects, from compliance audits and drafting privacy-related policies to breach investigations.

Anne has expertise in a variety of industry sectors, including education, online gaming, transport, pharmaceutical, and insurance. Her extensive language skills in English, Dutch, French, and German enable her to deliver data protection training, policies and procedures documentation, and complete compliance reports for companies across Europe.

### QUALIFICATIONS

- ✓ Master of Laws (LL.M.), University of Maastricht
- ✓ Master of European and International Law

### SAMPLE EXPERIENCE

Anne has worked as an outsourced DPO and freelance privacy consultant for several Dutch companies. She led projects with the Dutch Tax and Customs Administration and the National Office, providing expert advice on internal data processes, completing DPIAs, and investigating data breaches.

Her work with a leading gaming company included developing a robust privacy framework, handling all data breach processes, and responding to DSARs.

Anne has delivered data protection training to organisations in a range of sectors, helping to contextualise industry-specific privacy concerns and facilitate company-wide compliance understanding.
