

HAMEEMA

DATA PROTECTION SUPPORT OFFICER

SPECIALISMS

- ✔ Data Subject Access Requests (DSARs)
- ✔ Healthcare

PROFILE

Hameema has extensive experience across customer-focused roles, with a background in personal assistance and retail. With a keen eye for detail, Hameema manages sensitive information, ensuring strict compliance with data protection regulations. Her expertise makes her a valuable asset for customer-centric environments.

In her role as Data Protection Support Officer, Hameema oversees the efficient processing of complex DSARs. She uses her data protection knowledge and excellent communication skills to deliver a proactive and timely response service for our clients.

QUALIFICATIONS

- ✔ Business Administration Level 3

SAMPLE EXPERIENCE

In her role in the healthcare sector, Hameema managed sensitive patient data with strict adherence to compliance standards. She was responsible for supporting the development and implementation of new processes across multiple departments and the organisation's document storage system.

During her time with a leading training provider, Hameema used her knowledge of data protection regulations to ensure company policies and procedures were up to date. She also managed client communications, providing expert advice to customers and using feedback to shape future outreach.
