SAMPLE EXPERIENCE

As a Data Protection Support Officer (DPSO), Harvey supports the completion of Data Subject Access Requests (DSARs), ensuring appropriate handling of information and timely responses. He also assists with Records of Processing Activities (RoPAs) and Data Protection Impact Assessments (DPIAs), working closely with the wider DPO team to support client deliverables.

Prior to joining The DPO Centre, Harvey worked as a Claims Handler within a claims and risk management firm. He assessed and managed insurance claims, verified supporting documentation, and ensured cases were handled in line with FCA and GDPR requirements. This role strengthened his ability to work with sensitive data, apply regulatory frameworks, and communicate effectively with stakeholders.
