

DANIELA

DATA PRIVACY OFFICER

SPECIALISMS

- ✔ Retail
- ✔ Technology

LANGUAGES

- ✔ Portuguese (native)
- ✔ English

PROFILE

Daniela is a talented privacy and compliance professional with a strong background in law. She supports organisations across multiple sectors in achieving compliance with Canadian, US, and European data protection laws.

Working closely with businesses, Daniela tackles complex data privacy challenges, recommending and implementing effective measures to proactively manage compliance obligations. She also ensures that implemented technologies align with privacy regulations and support organisations' risk mitigation strategies. Daniela is a native Portuguese speaker and has professional proficiency in English.

- ✔ CIPP/C
- ✔ CIPM
- ✔ Bachelor of Laws (LL.B.)
- ✔ ISO 27001 Lead Auditor Certification

SAMPLE EXPERIENCE

With a holistic approach to risk management, Daniela has proactively integrated data privacy solutions into products, services, and system designs to help organisations achieve Privacy by Design. She has developed and implemented privacy programmes that address regulatory obligations under GDPR, PIPEDA, LGPD, and other global privacy frameworks.

Daniela's experience includes delivering strategic privacy consultation, providing client-focused leadership and project management to support compliance with privacy regulations across multiple jurisdictions. She has conducted comprehensive data risk assessments across business operations, identifying and mitigating privacy risks associated with emerging technologies. Additionally, she has led privacy readiness assessments and maturity evaluations to guide organisations in strengthening their overall privacy posture.
