

PASCAL

HEAD OF DATA PROTECTION (EU & DPSO)

DATA PROTECTION OFFICER

SPECIALISMS

- ✓ Financial Sector
- ✓ Life Sciences
- ✓ Technology

LANGUAGES

- ✓ Dutch (native)
- ✓ German (native)
- ✓ English

PROFILE

Pascal is a highly skilled Data Protection Officer, holding a Master's degree in Law and professional privacy qualifications (CIPP/E and CIPM). With over a decade of experience, he supports diverse organisations and brings strong expertise in risk assessment, information security, and fraud prevention. His commitment to continuous learning puts him at the forefront of evolving regulations.

As Head of Data Protection (EU & DPSO), Pascal leads and develops our EU DPOs and Data Protection Support Officers, helping maintain high-quality service delivery. His analytical mindset and practical approach enable him to guide teams through complex data protection challenges and deliver effective, business-aligned solutions.

QUALIFICATIONS

- ✓ CIPP/E
- ✓ CIPM
- ✓ Privacyrecht, Grotius Academie
- ✓ Datenschutzbeauftragter, DERKA
- ✓ Bachelor of Dutch Law (LL.B.), Maastricht University
- ✓ Master of Forensics, Criminology and Law (LL.M.), Maastricht University

SAMPLE EXPERIENCE

Pascal has worked with international organisations across a broad range of sectors, gaining in-depth knowledge of multi-jurisdictional and industry-specific regulations. He is skilled at navigating complex privacy challenges and implementing innovative solutions to strengthen data governance.

With extensive experience in incident response, Pascal excels at developing and executing robust procedures, advising on active data breaches, supporting organisations in notifying the relevant Supervisory Authorities, and implementing effective mitigation measures.

Previously, Pascal worked as a Corporate Lawyer at a financial institution, where he provided legal advice on a wide range of privacy matters, conducted due diligence, and represented the Legal department at the organisation's Privacy Committee.
