

# LIZ

## DATA PROTECTION OFFICER

### SPECIALISMS

- ✓ Healthcare
- ✓ Public Sector
- ✓ NHS Data Security and Protection Toolkit (DSPT)

### LANGUAGES

- ✓ English

### PROFILE

Liz is a highly motivated Data Protection Officer (DPO) with an Advanced GDPR Practitioner qualification and CIPP/E accreditation. She has extensive experience in data protection and information governance across the Healthcare and Public sectors, ensuring organisations can demonstrate accountability and compliance with all data protection requirements.

Liz continuously seeks opportunities to develop her knowledge and is passionate about applying innovative technological solutions to enhance working practices. Her analytical and results-driven approach allows her to identify and mitigate risks effectively, implement practical solutions, and drive continuous improvement.

### QUALIFICATIONS

- ✓ CIPP/E
- ✓ Advanced GDPR Practitioner

### SAMPLE EXPERIENCE

Working across the Healthcare sector, Liz excels at implementing robust data protection frameworks tailored for organisations managing high volumes of special category data. She provides expert guidance on complex privacy challenges, assists in policy development and breach management processes, and oversees NHS Data Security and Protection Toolkit submissions.

Liz has supported digital transformation programmes and the deployment of artificial intelligence systems. She is adept at conducting Data Protection Impact Assessments (DPIAs) and providing recommendations to key stakeholders. She has also delivered bespoke training to help embed strong data sharing practices across organisations.
