PROFILE

Ben is a certified international data protection expert with deep knowledge of global data privacy laws. He's also a member of the training advisory board for the renowned privacy organisation, the International Association of Privacy Professionals (IAPP).

He has a strong background in both the private and public sectors, working across multiple industries, including Finance, Government, and Further Education.

Ben specialises in building global data protection frameworks to ensure compliance across multiple jurisdictions and drive commercial success. Recognised as a Subject Matter Expert, Ben is passionate about providing practical advice to organisations, supporting them in handling complex privacy regulations with confidence.

SAMPLE EXPERIENCE

Ben offers valuable experience as a dedicated DPO, with the ability to fulfil all tasks as set out by Article 39 of the GDPR. Using his wealth of experience, he provides additional support by writing and reviewing data protection policies and procedures.

During his work for a Government agency, Ben delivered data protection frameworks and new initiatives to drive growth. He also provided advice on complex issues in his roles as an outsourced DPO for various leading organisations across numerous sectors.

As a Subject Matter Expert and regular speaker on webinars and at global conferences, Ben shares his extensive data privacy knowledge with the industry. He has also developed detailed training programmes covering the UK Data Protection Act (DPA) and the Freedom of Information Act (FOIA).
