SAMPLE EXPERIENCE

As a Compliance Executive within a multi-company environment, Evie managed Data Subject Access Requests (DSARs) from receipt through to completion, applying relevant exemptions and ensuring statutory deadlines were met. She also handled requests for rectification, erasure, restriction, and objection, alongside information disclosure requests from law enforcement agencies, insurers, and other third parties.

Evie supported DPO functions across five organisations, responding to stakeholder enquiries and providing guidance on data protection requirements, policies, and procedures. She also investigated data breaches, supported responses to GDPR complaints, and maintained compliance records and governance documentation to support regulatory compliance and audit readiness.
